In re Holocaust Victim Assets Litigation  
Case No. CV96-4849

## **Certified Award**

to Claimant [REDACTED]

## **in re Accounts of Gyula Török**

Claim Number: 224151/AH<sup>1</sup>

Award Amount: 181,680.00 Swiss Francs

This Certified Award is based upon the claim of [REDACTED] (the “Claimant”) to the accounts of Gyula Török (the “Account Owner”) at the [REDACTED] (the “Bank”).

All awards are published, but where a claimant has requested confidentiality, as in this case, the names of the claimant, any relatives of the claimant other than the account owner, and the bank have been redacted.

### **Information Provided by the Claimant**

The Claimant submitted a Claim Form identifying the Account Owner as her great-aunt, Gyula Török, née [REDACTED], who was born on 9 February 1889, and was married to [REDACTED] (Alexander) Török in Ajka, Hungary. The Claimant stated that Gyula and Alexander Török had one daughter. The Claimant indicated that Alexander Török was the director of a printing factory and that the couple resided in Budapest, Hungary. The Claimant indicated that during the Second World War, her great-uncle, who was Jewish, was sent to the Budapest Ghetto. He died on 7 April 1967, in Iszkaz, Hungary, and the Claimant's great-aunt died on 10 October 1964 in Devecser, Hungary. The Claimant submitted various documents, including her identity documents, her family tree, her great-uncle's death certificate, and records from the Hungarian Compensation Office dated 31 August 1993 that indicate her great-uncle's name and his relationship to the Claimant. The Claimant indicated that she was born on 2 September 1936 in Budapest.

---

<sup>1</sup> The Claimant submitted an additional claim to the account of [REDACTED], which is registered under the Claim Number 223989. The CRT will treat the claim to this account in a separate decision.

## Information Available in the Bank Records

The bank records consist of two power of attorney forms, dated 1 August 1931 and 21 January 1931, and printouts from the Bank's database. According to these records, the Account Owner was Frau Gyula Török, who resided at Ferenor Jozsef Kpart 26, Budapest, Hungary, and at 6 Teleky-Gasse, Kaposvar, Hungary, and held a custody account<sup>2</sup> and a demand deposit account. The Power of Attorney Holder for the accounts was Alexander Török, who is indicated to have had an address at 3 Zladi Durakoov, Sarajevo, Bosnia, and Piroska Török, the Account Owner's daughter, who resided at IV Ferenor Jozsef Kpart 26, Budapest. The power of attorney form indicates that the Power of Attorney Holder's name was printed as Alexander Török, and it was signed by the Power of Attorney Holder as [REDACTED] Török.

The bank records do not show when the accounts at issue were closed, or to whom they were paid, nor do these records indicate the value of these accounts. The auditors who carried out the investigation of this bank to identify accounts of Victims of Nazi Persecution pursuant to instructions of the Independent Committee of Eminent Persons ("ICEP" or the "ICEP Investigation") did not find these accounts in the Bank's system of open accounts, and they therefore presumed that they were closed. These auditors indicated that there was no evidence of activity on these accounts after 1945. There is no evidence in the bank records that the Account Owner, the Power of Attorney Holders, or their heirs closed the accounts and received the proceeds themselves.

## The CRT's Analysis

### Identification of the Account Owner

The Claimant has plausibly identified the Account Owner. Her great-uncle's and great-aunt's names both match the published names of the Account Owner and the Power of Attorney Holder. The CRT notes that although the Power of Attorney Holder's name was published only as "Alexander Török," the Claimant also provided the name "[REDACTED]," which matches unpublished information about the Power of Attorney Holder contained in the bank records. The Claimant's great-aunt's country and city of residence both match the published city and county of residence of the Account Owner. The CRT notes that although the Claimant did not identify Piroska Török, she did indicate that her great-uncle and aunt had a daughter. In support of her claim, the Claimant submitted various documents including her identity documents, her family tree, her great-uncle's death certificate, and records from the Hungarian Compensation Office, dated 31 August 1993 that indicate her great-uncle's name and his relationship to the Claimant.

---

<sup>2</sup> The bank records contain a power of attorney form that references a "Titeldepot," which is a custody account. Such forms were typically used by the Bank at the time regardless of whether the account in question was in fact a custody account. The CRT concludes that it is plausible that the Account Owner held such an account.

### Status of the Account Owner as a Victim of Nazi Persecution

The Claimant has made a plausible showing that the Account Owner was a Victim of Nazi Persecution. The Claimant stated that the Account Owner was Jewish, and that during the Second World War he was sent to the Budapest Ghetto.

### The Claimant's Relationship to the Account Owner

The Claimant has plausibly demonstrated that she is related to the Account Owner by submitting documents demonstrating that the Account Owner and the Power of Attorney Holder were her great-uncle and aunt. There is no information to indicate that the Account Owner has other surviving heirs.

### The Issue of Who Received the Proceeds

Given the application of Presumptions (h), (i), and (j) contained in Appendix A,<sup>3</sup> the CRT concludes that it is plausible that the account proceeds were not paid to the Account Owner, the Power of Attorney Holder, or their heirs. Based on its precedent and the Rules Governing the Claims Resolution Process (the "Rules"), the CRT applies presumptions to assist in the determination of whether or not Account Owners or their heirs received the proceeds of their accounts.

### Basis for the Award

The CRT has determined that an Award may be made in favor of the Claimant. First, the claim is admissible in accordance with the criteria contained in Article 23 of the Rules. Second, the Claimant has plausibly demonstrated that the Account Owner was her great-aunt, and that relationship justifies an Award. Finally, the CRT has determined that it is plausible that neither the Account Owner, the Power of Attorney Holder, nor their heirs received the proceeds of the claimed accounts.

### Amount of the Award

In this case, the Account Owner held a custody account and a demand deposit account, both with unknown values. Pursuant to Article 35 of the Rules, when the value of an account is unknown, as is the case here, the average value of the same or a similar type of account in 1945 is used to calculate the present value of the account being awarded. Based on the ICEP Investigation, in 1945 the average value of a custody account was 13,000.00 Swiss Francs, and the average value of a demand deposit account was 2,140.00 Swiss Francs. The present value of this amount is calculated by multiplying it by a factor of 12, in accordance with Article 37(1) of the Rules, to produce a total award amount of 181,680.00 Swiss Francs.

<sup>3</sup> An expanded version of Appendix A appears on the CRT II website -- [www.crt-ii.org](http://www.crt-ii.org).

### Initial Payment

Article 37(3)(a) of the Rules provides that where the value of an award is calculated using the value presumptions provided in Article 35 of the Rules, the initial payment to the claimant shall be 65% of the Certified Award, and the claimant may receive a second payment of up to 35% of the Certified Award when so determined by the Court. In this case, the CRT has used the value presumptions of Article 35 of the Rules to calculate the account value, and 65% of the total award amount is 118,092.00 Swiss Francs.

### **Scope of the Award**

The Claimant should be aware that, pursuant to Article 25 of the Rules, the CRT will carry out further research on her claim to determine whether there are additional Swiss bank accounts to which she might be entitled, including research of the Total Accounts Database (consisting of records of 4.1 million Swiss bank accounts which existed between 1933 and 1945).

### **Certification of the Award**

The CRT certifies this Award for approval by the Court and payment by the Special Masters.

Claims Resolution Tribunal

31 December 2002

## APPENDIX A

In the absence of evidence to the contrary, the Tribunal presumes that neither the Account Owners, the Beneficial Owners, nor their heirs received the proceeds of a claimed Account in cases involving one or more of the following circumstances:<sup>1</sup>

- a) the Account was closed and the Account records show evidence of persecution, or the Account was closed (i) after the imposition of Swiss visa requirements on January 20, 1939, or (ii) after the date of occupation of the country of residence of the Account Owner or Beneficial Owner, and before 1945 or the year in which the freeze of Accounts from the country of residence of the Account Owner or Beneficial Owner was lifted (whichever is later);
- b) the Account was closed after 1955 or ten years after the freeze of Accounts from the country of residence of the Account Owner or Beneficial Owner was lifted (whichever is later);
- c) the balance of the Account was reduced by fees and charges over the period leading up to the closure of the Account and the last known balance of the Account was small;
- d) the Account had been declared in a Nazi census of Jewish assets or other Nazi documentation;
- e) a claim was made to the Account after the Second World War and was not recognized by the bank;
- f) the Account Owner or Beneficial Owner had other Accounts that are open and dormant, suspended, or closed to profits, closed by fees, or closed to Nazi authorities;
- g) the only surviving Account Owner or Beneficial Owner was a child at the time of the Second World War;
- h) the Account Owners, the Beneficial Owners, and/or their heirs would not have been able to obtain information about the Account after the Second World War from the Swiss bank due to the Swiss banks' practice of withholding or misstating account information in their responses to inquiries by Account Owners, Beneficial Owners, and heirs because of the banks' concerns regarding double liability;<sup>2</sup>
- i) the Account Owners, Beneficial Owners, or their heirs resided in a Communist country in Eastern Europe after the War; and/or
- j) there is no indication in the bank records that the Account Owners, Beneficial Owners, or their heirs received the proceeds of the Account.<sup>3</sup>

of Eminent Persons, Report on Dormant Accounts of Victims of Nazi Persecution in Swiss Banks (1999) (hereinafter "ICEP Report"). The CRT has also taken into account, among other things, various laws, acts, decrees, and practices used by the Nazi regime and the governments of Austria, the Sudetenland, the Protectorate of Bohemia and Moravia, the Free City of Danzig, Poland, the Incorporated Area of Poland, the *Generalgouvernement* of Poland, the Netherlands, Slovakia and France to confiscate Jewish assets held abroad.

<sup>2</sup> See Bergier Final Report at 443-44, 446-49; *see also* ICEP Report at 81-83.

<sup>3</sup> As described in the Bergier Final Report and the ICEP Report, the Swiss banks destroyed or failed to maintain account transactional records relating to Holocaust-era accounts. There is evidence that this destruction continued after 1996, when Swiss law prohibited destruction of bank records. Bergier Final Report at 40 (stating "[i]n the case of Union Bank of Switzerland . . . , however, documents were being disposed of even after the Federal Decree [of 13 December 1996]"). The wholesale destruction of relevant bank records occurred at a time when the Swiss banks knew that claims were being made against them and would continue to be made for monies deposited by victims of Nazi persecution who died in the Holocaust and that were (i) improperly paid to the Nazis, *see Albers v. Credit Suisse*, 188 Misc. 229, 67 N.Y.S.2d 239 (N.Y. City Ct. 1946); Bergier Final Report at 443, (ii) that were improperly paid to the Communist controlled governments of Poland and Hungary, *see* Bergier Final Report at 450 -51, and possibly Romania as well, *see* Peter Hug and Marc Perrenoud, Assets in Switzerland of Victims of Nazism and the Compensation Agreements with East Bloc Countries (1997), and (iii) that were retained by Swiss Banks for their own use and profit. *See* Bergier Final Report at 446-49.

"The discussion on "unclaimed cash" persisted throughout the post-war period due to claims for restitution by survivors and heirs of the murdered victims, or restitution organizations acting on their behalf." *Id.* at 444. Nevertheless, the Swiss Banks continued to destroy records on a massive scale and to obstruct those making claims. ICEP Report, Annex 4 ¶ 5; In re Holocaust Victim Asset Litig., 105 F. Supp.2d 139, 155-56 (E.D.N.Y. 2000). Indeed, "[i]n May 1954, the legal representatives of the big banks co-ordinated their response to heirs [of account holders] so that the banks would have at their disposal a concerted mechanism for deflecting any kind of enquiry." Bergier Final Report at 446. Similarly, "the banks and their Association lobbied against legislation that would have required publication of the names of so called 'heirless assets accounts,' legislation that if enacted and implemented, would have obviated the ICEP investigation and the controversy of the last 30 years." ICEP Report at 15. Indeed, in order to thwart such legislation, the Swiss Bankers Association encouraged Swiss banks to underreport the number of accounts in a 1956 survey. "A meager result from the survey," it said, "will doubtless contribute to the resolution of this matter [the proposed legislation] in our favor." ICEP Report at 90 (quoting a letter from the Swiss Bankers Association to its board members dated June 7, 1956). "To summarize, it is apparent that the claims of surviving Holocaust victims were usually rejected under the pretext of bank secrecy . . . ", Bergier Final Report at 455, or outright deception about the existence of information, while wholesale destruction of bank records continued for over a half century. Under these circumstances, utilizing the fundamental evidentiary principles of United States law that would have applied to Deposited Assets claims had the class action lawsuits been litigated through trial, the CRT draws an adverse inference against the banks where documentary evidence was destroyed or is not provided to assist the claims administrators. *See In re Holocaust Victim Asset Litig.*, 105 F. Supp.2d 139, 152 (E.D.N.Y. 2000); Reilly v. Natwest Markets Group, Inc., 181 F.3d 253, 266-68 (2d Cir. 1999); Kronisch v. United States, 150 F.3d 112, 126-28 (2d Cir. 1998).
