

CLAIMS RESOLUTION TRIBUNAL

In re Holocaust Victim Assets Litigation
Case No. CV96-4849

Certified Award

to Claimant Erwin Winkler

in re Account of Hilda Winkler

Claim Number: 218055/EZ

Award Amount: 47,400.00 Swiss Francs

This Certified Award is based upon the claim of Erwin Winkler (the “Claimant”) to the account of Hilda Winkler (the “Account Owner”) at the Zurich branch of [REDACTED] (the “Bank”).

All awards are published. Where a claimant has not requested confidentiality, as in this case, only the name of the bank has been redacted.

Information Provided by the Claimant

The Claimant submitted a Claim Form identifying the Account Owner as his paternal aunt, Hilda Winkler, who was born in Marghita, Romania, in approximately 1900. The Claimant stated that his aunt never married and had no children. The Claimant stated that his aunt and most of her relatives, including the Claimant himself, were deported in 1944 to Auschwitz, where his aunt and her brothers and sister perished. The Claimant also stated that his aunt’s father, the Claimant’s grandfather, was Lajos Winkler who was married to Terezia Winkler, née Spitz, and that Lajos and Terezia Winkler perished in approximately 1940. The Claimant stated that an alternative first name for his grandfather was Ludovic. In support of his claim, the Claimant submitted a family tree, which included specific details about five generations of his family.

The Claimant stated that he is the nephew of Hilda Winkler and that he was born in Oradea, Romania, on 2 July 1930. The Claimant stated that his parents, Eduard Winkler and Terezia Winkler, née Kesztenbaum, perished in the Holocaust.

Information Available in the Bank Records

The bank records consist of a power of attorney form and printouts from the Bank’s database. According to these records, the sole Account Owner was Hilda Winkler from Marghita, Romania, and the Power of Attorney Holder was Lajos Winkler, who was identified as the Account Owner’s father. The bank records indicate that the Account Owner held an account of unknown type that was opened in 1931. There is no evidence in the bank records that the

Account Owner, the Power of Attorney Holder or their heirs closed the account and received the proceeds themselves.

The bank records do not show when the account at issue was closed, or to whom it was paid, nor do these records indicate the value of this account. The auditors who carried out the investigation of this bank to identify accounts of Victims of Nazi Persecution pursuant to instructions of the Independent Committee of Eminent Persons (the “ICEP Investigation”) did not find this account in the Bank’s system of open accounts, and they therefore presumed that it was were closed. These auditors indicated that there was no evidence of activity on this account after 1945.

The CRT’s Analysis

Identification of the Account Owner

The Claimant has plausibly identified the Account Owner. His aunt’s and grandfather’s names match the published names of the Account Owner and the Power of Attorney Holder, respectively. The Claimant stated that the Power of Attorney Holder was the Account Owner’s father, which matches unpublished information about the Account Owner and Power of Attorney Holder contained in the bank documents.

The CRT notes that the Claimant’s father’s birth certificate indicates that the Claimant’s grandfather’s name was Ludovic Winkler, while the bank records indicate that the Account Owner’s father’s name was Lajos Winkler. However, the Claimant has stated that Ludovic was an alternate name of his grandfather’s name. The CRT therefore concludes that it is plausible that the Claimant’s grandfather and the Account Owner’s father are the same person.

Status of the Account Owner as a Victim of Nazi Persecution

The Claimant has made a plausible showing that the Account Owner was a Victim of Nazi Persecution. The Claimant stated that the Account Owner was Jewish and was murdered in Auschwitz.

The Claimant’s Relationship to the Account Owner

The Claimant has plausibly demonstrated that he is related to the Account Owner by providing general historical family information, specific information about the Account Owner, and a detailed family tree, that demonstrate that he is the Account Owner’s nephew.

The Issue of Who Received the Proceeds

Based on its precedent and the Rules, the CRT applies presumptions to determine whether Account Owners or their heirs received the proceeds of their accounts. These presumptions are contained in Appendix A.¹ The CRT concludes in this case that one or more of these

¹ An expanded version of Appendix A appears on the CRT II website -- www.crt-ii.org.

presumptions applies and it is therefore plausible that the account proceeds were not paid to the Account Owner, the Power of Attorney Holder or their heirs.

Basis for the Award

The CRT has determined that an Award may be made in favor of the Claimant. First, the claim is admissible in accordance with the criteria contained in Article 23 of the Rules. Second, the Claimant has plausibly demonstrated that the Account Owner was his aunt, and that relationship justifies an Award. Finally, the CRT has determined that it is plausible that neither the Account Owner nor her heirs received the proceeds of the claimed account.

Amount of the Award

Pursuant to Article 35 of the Rules, when the value of an account is unknown, as is the case here, the average value of the same or a similar type of account in 1945 is used to calculate the present value of the account being awarded. Based on the ICEP Investigation, in 1945 the average value of an account of unknown type was 3,950.00 Swiss Francs. The present value of this amount is calculated by multiplying it by a factor of 12, in accordance with Article 37(1) of the Rules, to produce a total award amount of 47,400.00 Swiss Francs.

Article 37(3)(a) of the Rules provides that where the value of an award is calculated using the value presumptions provided in Article 35 of the Rules, the initial payment to the claimant shall be 35% of the Certified Award, and the claimant may receive a second payment of up to 65% of the Certified Award when so determined by the Court. In this case, the CRT has used the value presumptions of Article 35 of the Rules to calculate the account value and 35% of the total award amount is 16,590.00 Swiss Francs.

Scope of the Award

The Claimant should be aware that, pursuant to Article 25 of the Rules, the CRT will carry out further research on his claim to determine whether there are additional Swiss bank accounts to which he might be entitled, including research of the Total Accounts Database (consisting of records of 4.1 million Swiss bank accounts which existed between 1933 and 1945).

Certification of the Award

The CRT certifies this Award for approval by the Court and payment by the Special Masters.

Claims Resolution Tribunal

APPENDIX A

In the absence of evidence to the contrary, the Tribunal presumes that neither the Account Owners nor their heirs received the proceeds of a claimed Account in cases involving one or more of the following circumstances:¹

- a) the Account was closed and the Account records show evidence of persecution, or the Account was closed (i) after the imposition of Swiss visa requirements on January 20, 1939, or (ii) after the date of occupation of the country of residence of the Account Owner, and before 1945 or the year in which the freeze of Accounts from the country of residence of the Account Owner was lifted (whichever is later);
- b) the Account was closed after 1955 or ten years after the freeze of Accounts from the country of residence of the Account Owner was lifted (whichever is later);
- c) the balance of the Account was reduced by fees and charges over the period leading up to the closure of the Account and the last known balance of the Account was small;
- d) the Account had been declared in a Nazi census of Jewish assets or other Nazi documentation;
- e) a claim was made to the Account after the Second World War and was not recognized by the bank;
- f) the Account Owner had other Accounts that are open and dormant, suspended, or closed to profits, closed by fees, or closed to Nazi authorities;
- g) the only surviving Account Owner was a child at the time of the Second World War;
- h) the Account Owners and/or their heirs would not have been able to obtain information about the Account after the Second World War from the Swiss bank due to the Swiss banks' practice of withholding or misstating account information in their responses to inquiries by Account Owners and heirs because of the banks' concerns regarding double liability;²
- i) the Account Owners or their heirs resided in a Communist country in Eastern Europe after the War; and/or
- j) there is no indication in the bank records that the Account Owners or their heirs received the proceeds of the Account.³

¹ See Independent Commission of Experts Switzerland - Second World War, Switzerland, National Socialism and the Second World War: Final Report (2002) (hereinafter "Bergier Final Report"); *see also* Independent Committee of Eminent Persons, Report on Dormant Accounts of Victims of Nazi Persecution in Swiss Banks (1999) (hereinafter "ICEP Report"). The CRT has also taken into account, among other things, various laws, acts, decrees,

and practices used by the Nazi regime and the governments of Austria, the Sudetenland, the Protectorate of Bohemia and Moravia, the Free City of Danzig, Poland, the Incorporated Area of Poland, the *Generalgouvernement* of Poland, the Netherlands, Slovakia and France to confiscate Jewish assets held abroad.

² See Bergier Final Report at 443-44, 446-49; *see also* ICEP Report at 81-83.

³ As described in the Bergier Final Report and the ICEP Report, the Swiss banks destroyed or failed to maintain account transactional records relating to Holocaust-era accounts. There is evidence that this destruction continued after 1996, when Swiss law prohibited destruction of bank records. Bergier Final Report at 40 (stating "[i]n the case of Union Bank of Switzerland . . . , however, documents were being disposed of even after the Federal Decree [of 13 December 1996]"). The wholesale destruction of relevant bank records occurred at a time when the Swiss banks knew that claims were being made against them and would continue to be made for monies deposited by victims of Nazi persecution who died in the Holocaust and that were (i) improperly paid to the Nazis, *see Albers v. Credit Suisse*, 188 Misc. 229, 67 N.Y.S.2d 239 (N.Y. City Ct. 1946); Bergier Final Report at 443, (ii) that were improperly paid to the Communist controlled governments of Poland and Hungary, *see* Bergier Final Report at 450 -51, and possibly Romania as well, *see* Peter Hug and Marc Perrenoud, Assets in Switzerland of Victims of Nazism and the Compensation Agreements with East Bloc Countries (1997), and (iii) that were retained by Swiss Banks for their own use and profit. *See* Bergier Final Report at 446-49.

"The discussion on 'unclaimed cash' persisted throughout the post-war period due to claims for restitution by survivors and heirs of the murdered victims, or restitution organizations acting on their behalf." *Id.* at 444. Nevertheless, the Swiss Banks continued to destroy records on a massive scale and to obstruct those making claims. ICEP Report, Annex 4 ¶ 5; In re Holocaust Victim Asset Litig., 105 F. Supp.2d 139, 155-56 (E.D.N.Y. 2000). Indeed, "[i]n May 1954, the legal representatives of the big banks co-ordinated their response to heirs [of account holders] so that the banks would have at their disposal a concerted mechanism for deflecting any kind of enquiry." Bergier Final Report at 446. Similarly, "the banks and their Association lobbied against legislation that would have required publication of the names of so called 'heirless assets accounts,' legislation that if enacted and implemented, would have obviated the ICEP investigation and the controversy of the last 30 years." ICEP Report at 15. "To summarize, it is apparent that the claims of surviving Holocaust victims were usually rejected under the pretext of bank secrecy . . . ", Bergier Final Report at 455, or outright deception about the existence of information, while wholesale destruction of bank records continued for over a half century. Under these circumstances, utilizing the fundamental evidentiary principles of United States law that would have applied to Deposited Assets claims had the class action lawsuits been litigated through trial, the CRT draws an adverse inference against the banks where documentary evidence does not exist or is not provided to assist the claims administrators. *See In re Holocaust Victim Asset Litig.*, 105 F. Supp.2d 139, 152 (E.D.N.Y. 2000); Reilly v. Natwest Markets Group, Inc., 181 F.3d 253, 266-68 (2d Cir. 1999); Kronisch v. United States, 150 F.3d 112, 126-28 (2d Cir. 1998).
